Rock N Roll Hall Of Fame President And Ceo, Terry Stewart Guest On Dusty Street's Flylow Show Today

Malibu, California, July 16, 2012 - Rock N roll Hall of Fame President & CEO, Terry Stewart is making a guest appearance on the FlyLow show, hosted by Dusty Street, on the Flying Eye Radio Network. Today is the second guest appearance on the FlyLow show for the Rock Hall President & CEO. Terry Stewart has a vast musical knowledge and his library is unparalleled. He enjoyed his first appearance on the FlyLow show so much he made sure to schedule another visit. The musical knowledge of Dusty Street is unequalled, but by her own admission she was humbled by the depth of musical knowledge that Terry Stewart possesses. It is truly a privilege to have the CEO of the Rock N Roll Hall welcome us into his world of music. On the show today Terry will be educating us on a myriad of styles and genres, just like the rest of the folks on the Flying Eye Radio Network. The musical knowledge and love for music Terry has will be on display on Monday so tune in, at your leisure. Because it is a podcast it can be listened to anytime. Just head out to the website (www.flyingeyeradionetwrok.com) and go to the archive section for the FlyLow show, and voila.

Flying Eye Radio Network is an Internet radio station which began broadcasting in 2007. Flying Eye broadcasts the entire spectrum of musical colors. Every single type of music is represented on the Flying Eye Radio Network. Jazz, rock, hip hop, R & B, country, rockabilly, and classical are just some of the pieces that make up this musical puzzle. It's a cerebral surge of auditory ambition. The lines of music are not blurred they are erased. Each person has the ability to pick whatever music they want, there is no list, no consultant, and there is no one telling anyone what to play or what not to play. Flying Eye also features numerous unsigned artists that are out there making a living, touring and playing, and we make a concerted effort to ensure their music has a captive audience on a regular basis.

The Queen of the Flying Eye, Dusty Street, sets the tone for the week on Monday. She broadcasts semi-live from the Rock n Roll Hall of Fame in Cleveland, Ohio. Her knowledge and ability to weave everything into a musical theatre masterpiece every single week is truly art in motion.

Tuesday finds Rock Rhythm & Roots hosted by Golden Mic Laureate Steve Cosio. It is the music lover's radio show. Steve brings the music of Austin and surrounding areas that we would never hear. Thursday finds Flying Eye Radio Network founder and Grand Poohbah, Andy Goldfinger offering the listener a potpourri of musical comestibles that encompass the entire musical spectrum. Nothing but trouble finishing the week in our own Radio Legend Geno Michellini and his Turntable Hits. Geno's show is a tribute to what FM radio used to be. He is untethered and unleashed! Geno provides laughter therapy with the Flying Eye Funnies, and the traditional weekend send off with the Bang The Drum ceremony. There is none better at intermingling the nuances of music, history and comedy into a cohesive understandable art form. The beauty is it's a podcast and can be listened to any time, via the web, or downloaded to your favorite Mp3 device or telephone.
